

Summer Program

Summer intensives are now being offered in addition to our regular services. Intensive therapy provides an opportunity to develop and solidify skills. This allows students to work individually in a concentrated format.

These sessions will provide explicit, systematic multi-sensory approaches to reading, which is recommended in research. Our clinicians all have advanced degrees and are trained in these approaches. All clinicians are members of the International Dyslexic Association and other professional organizations.

Research has shown that intensive therapy is recommended and that many children may need at least 100 hours of treatment while severe dyslexic children require even more intensive intervention

The cost for a three-week intensive Monday-Thursday is \$820 with an educational specialist; \$940 with a speech pathologist, which includes a material fee of \$40.

*A \$100 deposit is due to hold time slots.

Payment is due before the start of services.

A diagnostic session will need be scheduled with the director if no previous testing has been completed. Contact us at (303) 756-0280 ext. 102 for scheduling and questions.
